

MACS EXPLOSIVES VEHICLES AND EXPLOSIVES BOXES

INNOVATIVE ENGINEERED SOLUTIONS

Innovative Engineered Solutions

SINCE 1965 MACS ENGINEERING has continuously provided safe, robust, reliable and innovative solutions for our customers. We work closely with independent engineers, research institutes and other like minded companies to ensure our products are always cutting edge, highly effective and, importantly, safe.

At MACS, we know that safety is critical. Our explosives boxes, shot firers utes and explosives trucks are a cut above the rest, meeting both our client's stringent demands as well as Australian standards to ensure the highest level of safety and performance.

- MACS Category 2 explosives vehicles
- Design and build quality to the highest standards
- Comply with the Australian Explosives Code
- Meet the requirements of the Department of Mines and Energy Explosives Inspectorate
- Certification and traceability system
- IE and HE boxes
- Clients include ORICA, Downer EDI Blasting Services, BMA, Dyno Nobel, Felix Resources, Nationwide Hire, Rio Tinto, AngloAmerican
